dictional Electric Utilities.)

On December 7, 1987, the parties of record in the above captioned matter met to discuss the objections of the utilities to the Interrogatories of the Consumer Advocate of South Carolina (Set No. 1). The suggestions made at that conference were reported by the Commission Staff to the Commission.

The Commission finds that there is some disagreement among the parties concerning what specific issues should be addressed in a generic hearing on least cost planning for electric utilities. Therefore, the Commission is instituting a comment and reply period for all parties to set forth what they believe are the specific issues that should be addressed in a generic proceeding before the Commission. All parties shall have until February 1, 1988 to file their initial comments and shall have until March 1, 1988 to file reply comments. The hearing
